

LOAN PROCEDURES AND APPLICATION

THE PURPOSE OF CHURCH INVESTORS FUND (CeIF)

- MISSION:** Our mission is to assist churches with facilities development - helping them respond to God's call to make disciples.
- VISION:** Church Investors Fund envisions funds for loans will continue to grow at a rate that will enable the NAB, the PCSBA, and other qualified ministries to expand their facilities and ministries while maintaining financial integrity.

LOAN APPLICATION PROCESS

1. Borrower completes and returns the loan application and any required supporting documents to Church Investors Fund.
2. Church Investors Fund reviews the loan application. If any questions or additional documentation is needed, we will reach out to the Borrower.
3. Once Church Investors Fund is satisfied it has all necessary information to assess the loan, we will send the application to the Loan Approval Committee. The Approval Committee will decide if the application qualifies, as well as terms and conditions. Response time from the date loan application and all supporting documentation is submitted is approximately 5-7 business days.
4. If the application is approved, Church Investors Fund draws up a Commitment Letter outlining the approved loan terms and sends it to the Borrower for signing.
5. Upon receipt of the signed Commitment Letter from the Borrower, loan origination begins.

LOAN TYPES

- **Construction to Permanent Loan:** Also called a construction mortgage, this loan type allows a borrower to only pay accrued interest on the loan during the first 12 months of the term before converting to standard principal-and-interest payments.
- **Draw-Down Line of Credit for Renovation/Repairs:** This loan type remains on interest-only payments for the life of the loan. At the end of the term, the entire balance becomes due.
- **Purchase Mortgage:** This loan type most closely aligns with a standard mortgage loan.
- **Revolving Line of Credit:** This loan type allows a borrower to pay down and draw up the balance throughout the loan term. It remains at interest-only payments throughout the life of the loan.
- **Bridge Loan:** This loan type is used primarily in conjunction with a capital campaign, allowing a church to work on a project while pledges come in over time.
- **Refinance:** When refinancing a loan from another lender, use this loan type.
